Yesterday a vision . . . Today a reality.

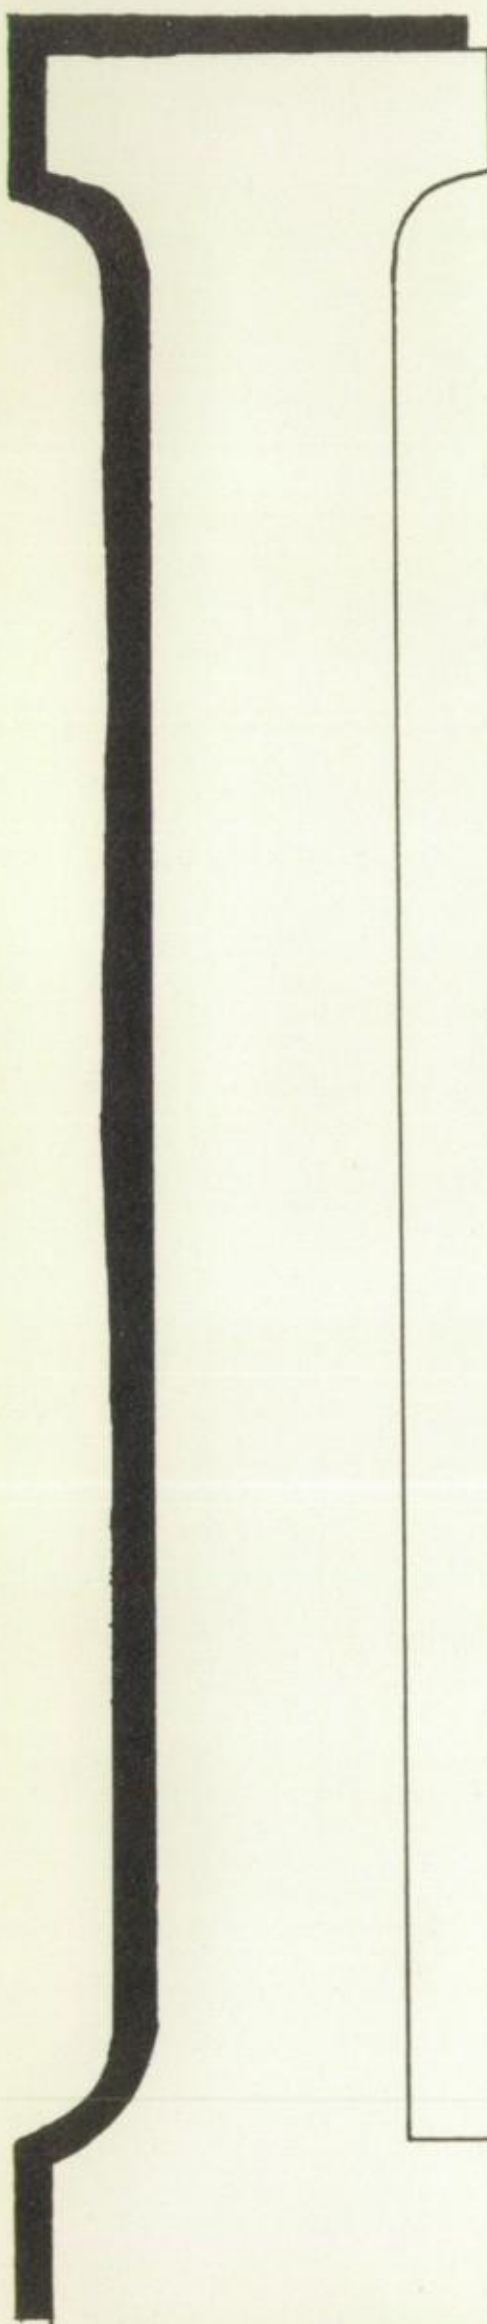

AND THEY SHALL LEAD

For years on years the orchard trees stood mightily in the sun,
The blown grass and golden fields, in silence held their own.
The burning sun, the violent winds, the drifting tides of snow
Disturbed them not; and so it seemed immutable they stood.

But soon came man, ingenious builder, and in the wind-swept fields
He planted yet a sturdier crop, a heartier harvest yield.
The fields gave way to multi-colored houses, churches too, and schools.
The silent earth surrendered there to concrete streets and lanes.

And what was once a lonely, silent world became a bustling city,
With friendly, smiling faces, illuminating well the landscape:
Hopeful people, proud people—with pride in the world they helped create,
A world they dedicated in their love to the young, the yet to come,

The soon to lead.

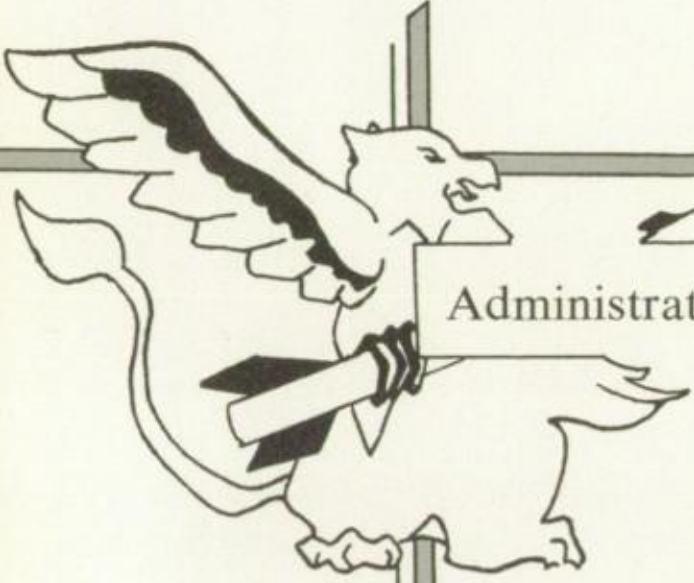

FOREWORD

The vision of a completed school year in our new building is now a reality. Our yearbook endeavors to re-create through photographs, original artwork, and words, the enthusiasm and accomplishments of the pupils and faculty during this formative first year.

We have chosen a theme which at once portrays the framing of a physical structure and indicates the growth and development of those pupils who learn within its boundaries.

We know that the traditions started this year are a firm foundation for ever expanding visions of higher and better realities.

DEDICATION

Directing the educational program of Levittown Junior-Senior High School is the major responsibility of our principal, Mr. R. Richard Johnson. His background and experience have helped to equip him for the job he does so well. He obtained his B.A. degree in science from Lehigh University. He then earned his M.A. at Columbia University. He plans to complete the dissertation for his doctorate in the spring. Mr. Johnson has wide experience in education which he accrued during work as teacher, guidance counselor and principal.

Mr. Johnson has, in the short space of one year, become one of the most popular figures at our high school. His understanding of young people's problems and the trust he places in his students make him a well-liked person and a respected principal. We of Levittown Junior-Senior High School are fortunate to have a principal who gives pupils as much freedom of action as they will use wisely. Since we are fully aware of our good fortune, we proudly dedicate the first GRYPHON to our capable and admired "Mr. J."

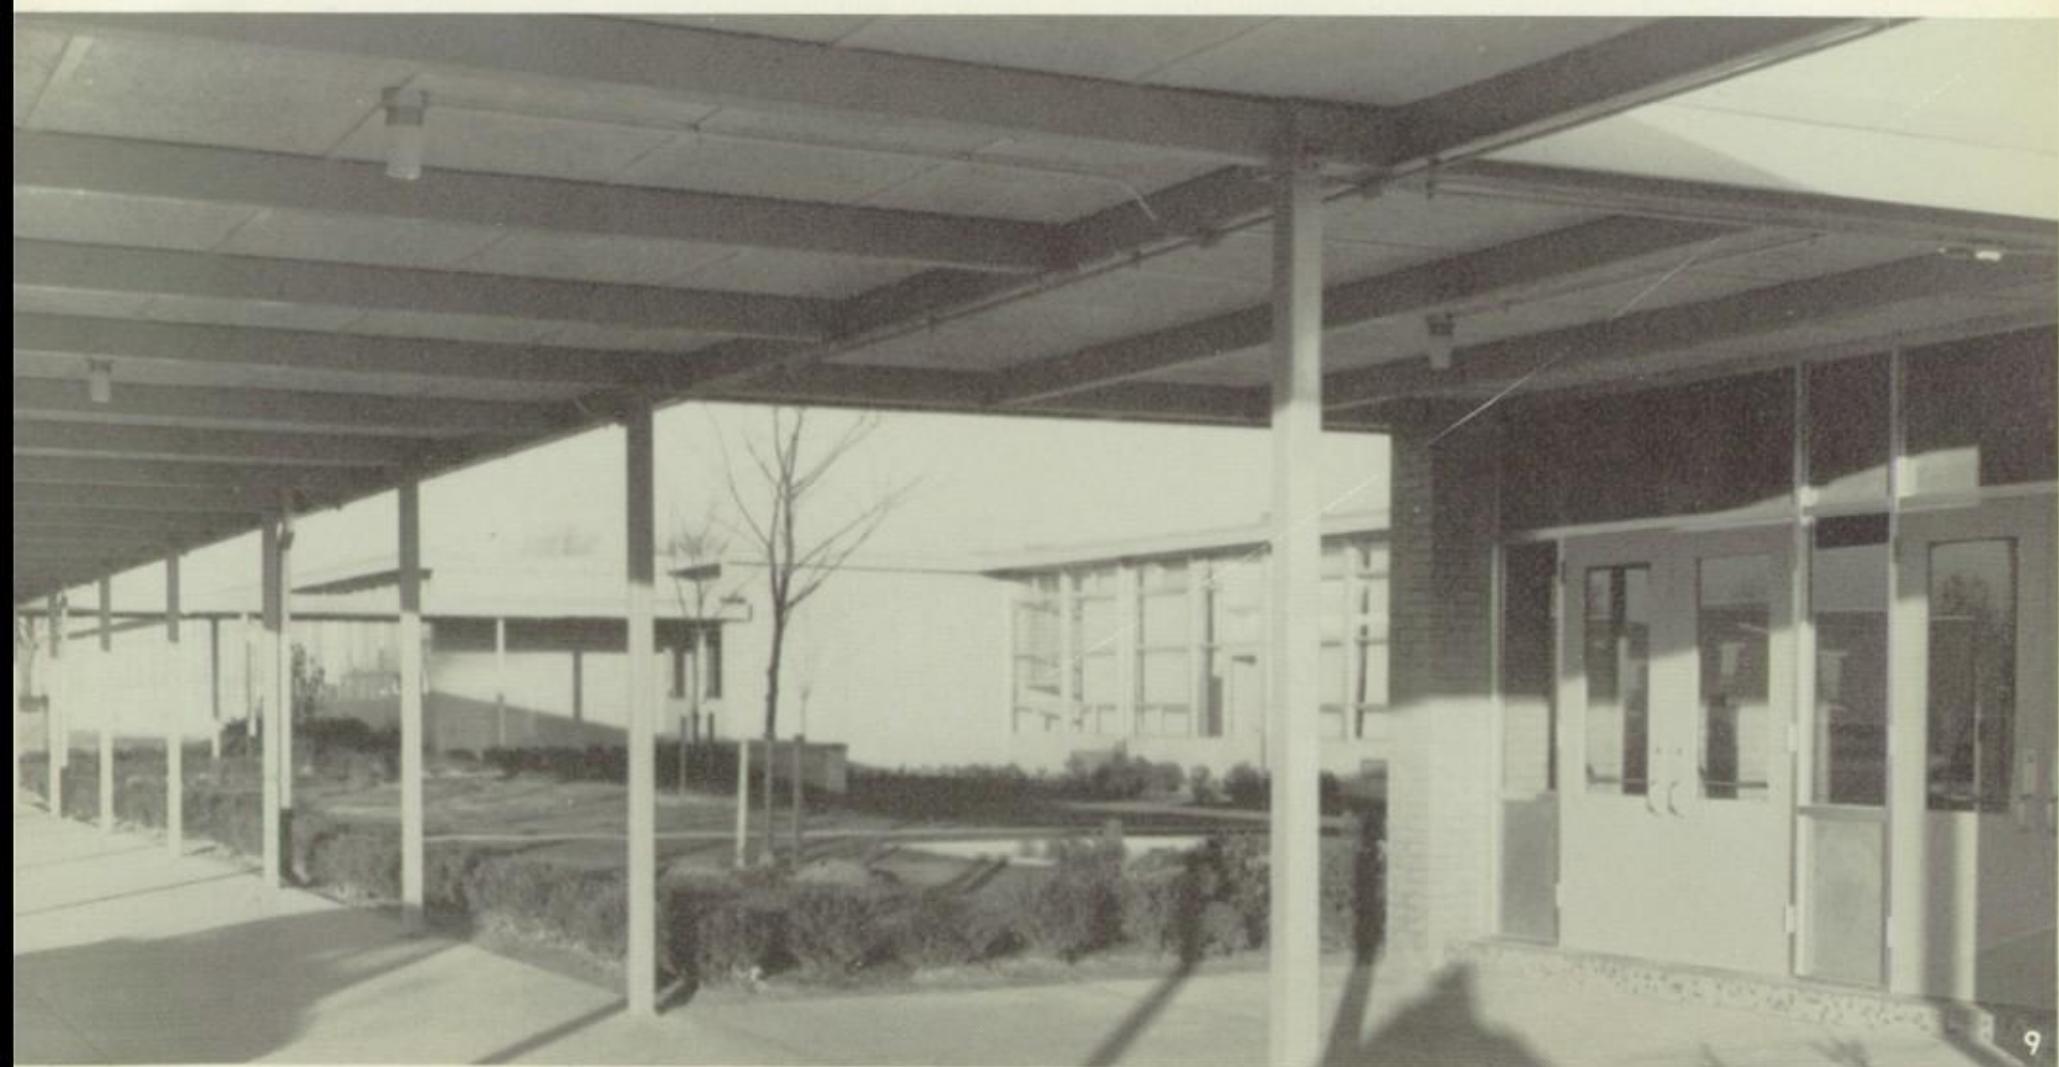

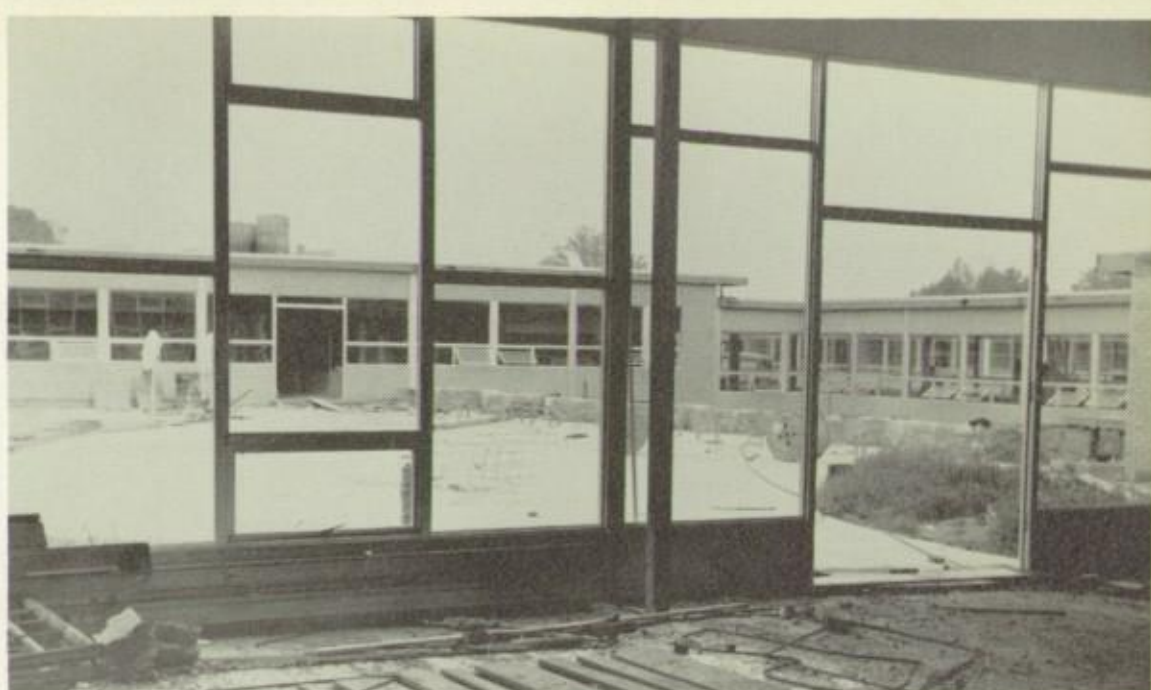

The ground was pierced and work began
 The school was underway.
 A skeleton stood of steel and wood,
 But filled out every day.
 Men and machines worked side-by-side
 To feed the skeleton.
 They welded and hammered each rivet
 and nail,
 And covered the skeleton in a coat
 of mail.
 No more a skeleton, no more a dream;
 But even now the school seems
 A miracle wrought of men and dreams.

SUPERINTENDENT'S MESSAGE

This is the time and occasion for your elders to produce inspiring, if not memorable, words. It would take the oratory of a Cicero, the lyric ability of a Milton, the dramatic quill of a Shakespeare, and the soft poetry of Lowell to express our regard for you with any degree of adequacy.

You have come with your parents to build a new community: As they are building the town, you are developing another center of civic pride, your high school. The class of Sixty One had the same task that has ever challenged the pioneer—that of establishing cultures, mores, traditions and customs. It required the vision of Jefferson to plan, to accept and initiate the pupil practices and student government you wished for yourselves and your successors. As seniors, it would have been so easy to imitate the schools of your past; to avoid this often took courage such as was displayed at Jockey Hollow.

So many of you have spent each of your four years in a different high school that merely to graduate is in itself noteworthy. You have learned to adjust early; in fact, flexibility has been the watchword of our school. To this I would call the attention of your parents and friends so that they might join with us to quote from Chronicles and say of you "So they built and prospered."

To have been among your tutors this past year is a privilege I shall treasure. In these closing moments, I would ask that you turn to Francis Bacon who wrote, "Studies serve for delight, for ornament, and for ability . . . crafty men condemn studies: simple men admire them: and wise men use them: for they teach not their own use: but that is a wisdom without them and above them won by observation."

Such wisdom is, and can continue to be, yours. To it we add our fond hopes for a happy and successful life. Fare you well, fare you true.

PRINCIPAL'S MESSAGE

To the First Senior Class of Levittown Junior-Senior High School,

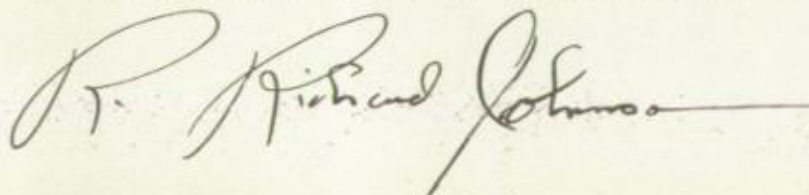

In April of 1960, when I began my work as Principal of Levittown Junior-Senior High School, Mr. Mongon, our Superintendent, handed me a sheaf of blueprints and pointed out several acres of mud and a pile of steel. That was the beginning. Mr. Mongon's and the Levittown Board of Education's vision of a high school of its own was on its way to becoming a reality.

In September, when you entered this unfinished building, you began one of the most important years of your lives. You came from diverse backgrounds, with diverse expectations, to a school still partly a vision. With your enthusiasm, eagerness, and vitality you gave it life and meaning. You and your teachers, working together, made Levittown Junior-Senior High School a reality that would fulfill anyone's dreams. Through your hard work and cooperative attitude you developed a wonderful school spirit under new, unusual, and often trying circumstances. You set out on uncharted paths; you found your way and established traditions and standards for others to follow. Their years in this school will be easier and smoother because of you.

The unique circumstances under which you entered your Senior year could have served as a convenient excuse if you had floundered without a Student Council, or neglected to compile a Handbook, or postponed publication of a school paper and yearbook. But you did not. You met each need and answered it. In addition, you successfully planned a trip to the United Nations in New York, and a tour of Washington D. C.; you sponsored a wonderful production of "Our Town"; one of your members won the distinction and honor of being named a Merit Scholar; and you laid the foundations for future successes in athletics. You took such firm command and accomplished so much, one would believe this school had been here for years.

You and the faculty have won my gratitude and my respect. I cannot commend or praise you enough. This I know: If you continue as you have begun, then all the visions and aspirations your parents have for you will become most wonderful realities.

Good luck as you meet the challenges ahead,

Harry Manser, Mr. William E. Murphy, Richard Brown lead Class Meeting.

HOWARD ABRAMOWITZ

Howie

College Prep

Howie's special interests, other than girls, are swimming, tennis, and cars. He can be seen at most school dances. He'd like to become a "rich" industrial psychologist, but we think Howie will be "in the money" no matter what he does. His pet peeve is opinionated teachers. "New York, New York, what a wonderful town" is his favorite song—we wonder why!

PHILIP LARRY ABELSON

Phil

Business

Phil goes wild with a pair of drumsticks. He is one of the chief rhythm keepers in our band. He also loves to sing and is a tenor in our school choir. In his spare time, Phil plays the guitar and bongos. Phil dislikes girls who talk too much. He likes basketball, good food, nice clothes, parties, and dancing. "I can't reach it!" (Ask someone in the choir what this means!) Phil's ambition is to be successful. He believes that you get out of life what you put in it.

KATHRYN ANN ACKERMAN

Kathy

Business

Kathy has been a very busy senior girl. The dramatics club has found an active member in her. She sings all day in the halls of Levittown. Kathy just loves that milk! She is a cheerful and fun-loving girl, pleasant to have around. What does she mean by, "And all that jazz"? Her ambition is to be an airline hostess.

DORA JEAN ALEXANDER

Dee Jay

College Prep

California, here she comes! Does anyone know who Tom is? Definitely off-beat, too bad there aren't more like her! Does she like Johnny Mathis? Dora gets a kick out of going barefoot; especially likes the casual Western life. She's fond of Mexican food. Dora has been a busy girl around school this year, what with varsity cheerleading and the Senior Play. Her ambition is to go to college in sunny California. We look for her to make it!

BARBARA ANN BERGER

Babs

College Prep

Babs enjoys sports, reading, and sewing. An honor student and good athlete, Babs is the envy of many. What she can't do, can't be done! Babs likes people, especially people with freckles. History is not her favorite subject! Her ambition is to be a *good* high school mathematics teacher. She'll make it, too!

JACQUELYN MARIE BEYKIRCH

Jacque

Business

Jacque enjoys skating, swimming, and going down to the bowling alley. She likes to listen to stereo, and collects show sound tracks. She spends a lot of time on the phone, traveling, and eating out. "I didn't do it, and if I did I didn't mean to" (Now Jacque!). Her ambition is to become an airline hostess and marry the captain?

ANNA DE BOLT

Ann

General

Ann is a familiar face around campus and could be heard saying with zest, "You Bet!" She enjoys dancing, swimming, and volleyball. This gal collects records and loves talking on the telephone. (We bet she spends a lot of time at it.) Anne cannot stand two faced people.

KATHRYN BINTLIFF

Kay

Business

Kay is very much in favor of having more girls' sports. In fact, her ambition is to be a physical education teacher. She has several letters for activities such as hockey, basketball, and cheerleading. Can't you tell Kay likes public speaking? Oh, those big brown eyes! Kay's other special interest, besides sports, is library work—a perfect balance of the physical and the mental!

RICHARD BROWN

Dick

College Prep

Dick, our class treasurer, is sometimes referred to as "Moneybags." He seems to be especially fond of the "green stuff." You can frequently hear him yell "Now stop that!" He claims to be interested in blondes, brunettes, and redheads. You'll never get to be a chemist that way, Dick! Along a more serious line, Dick is chairman of most senior social events (that's serious?) and calls minerology his hobby. He says that he is extremely proud to be in Levittown's first graduating class.

BRUCE CLARK

Red

College Prep

Talk about redheads! Bruce blushes easily, and is known for his cute smile. He's a bug for cars, and believes no one was ever hurt by having too much money. Bruce is also a fan of the the "Big Beat" and "all that jazz." His ambition is to get a job. He doesn't care what just as long as it leaves time for relaxing! We nominate him as the least likely to have high blood pressure!

JOSEPHINE MARION CALDERELLI

Joey

Business

Joey is "short and sweet." She always has a smile for everyone. Co-captain of our varsity cheerleaders, Joey enjoys cheering the boys on very much. Her other interests include swimming and dancing. She hopes to be a secretary and already she has several opportunities to demonstrate her skill in this field as secretary of the senior class.

JOYCE ANN CLINGER

Joyce

Business

Joyce is quiet, sincere and a good friend. She says she likes money and music and all kinds of food. Her ambition is to be an educated bum. We don't know whether to wish her good luck or try to reform her!

BARBARA A. COOPER

Barb

Business

Barb loves to dance or talk—she doesn't care which. She is a whiz of a typist. Her pet peeve is people who don't look where they're going. Barb likes nice clothes—and wears them. She admits to a weakness for football players—but what girl doesn't! "Hey, Dolly, wait!" Her ambition is to be a secretary. At the rate she's going she'll be a good one!

ROBERT COON

Bob

Business

What's so interesting at Holy Cross, Bob? His pet peeve is getting up in the morning. It ruins his whole day. Who's getting married? Bob may enter the navy, or then he just might become an accountant. He hates to make up his mind! His major interest is cars, any kind, but then there's always a girl!

CAROL B. CURLEY

Frenchie

College Prep

Carol is quiet (sometimes) and sincere. She has a smile for every girl and two for every fellow! Carol is a well-traveled lass. Her first high school was the Lycee de Jeunes Filles in Morocco. She enjoys French food, is fascinated by French customs. In fact, Carol hopes to become a French translator-interpreter. She plans to spend part of her college years in Canada and part in Paris. You're ambitious, Carol!

CAROL ANN DAELEY

Annie

College Prep

Ann is sometimes called "Tex"—we can't imagine why! Her special interests include reading and listening to records—everything from Ahmad Jamal to Tchaikovsky. Hidden talents include writing poetry and doing abstract drawings representing people and ideas. Ann loves wide open spaces, mountains, and the ocean. Her ambition (could you guess it?) is to go back to Texas. She can't stand noise and crowds, except at football games. Her pet peeve is having to wear shoes. Spoken like a loyal Confederate!

MARGARET DARGIN

Margo

Business

Margo, another active senior, enjoys painting, sewing, eating Italian food, and going to parties. Like a few other girls, she is interested in boys—especially tall ones! Margo's ambition is to be a fashion designer. Just think—some day we may be buying clothes with the "Dargin" label on them! Margo's one desire is to be "back home in New York." Her favorite expression is "Really!"

RITA DAVERN

Ree

College Prep

Rita's interests include swimming, ice skating, and art. Art who? She also likes her third period chemistry class. Rita's ambition is to be a nurse. One of her main interests is changing her hair color—she doesn't believe in taking chances on which type gentlemen prefer! "Why can't we have longer lunch periods, shorter classes, and no homework?" Nuff said.

CAROL LEE DONALDSON

Carol

College Prep

During the summer, Carol lives at the swimming pool; in the winter months she enjoys ice skating and attending basketball games. She is an important member in the school chorus. Carol loves the color blue. (Who said it's because of her beautiful blue eyes!) Why does she say "That's ridiculous"—is it really, Carol? Her pet peeve is people who crack their chewing gum. Carol intends to become a nurse, possibly in the field of pediatrics.

SALLY Di MARTINI

Sal

College Prep

Sally likes "old time" movies and silk blouses. She collects records and enjoys reading. Sally is active in many school activities, including the newspaper and the Forensic Club. "Would you please explain that, Mr. Schepacarter?" Will she become a nurse or open a gift shop? Sally's not sure, but we're betting on her to succeed in either career!

FRANCES ROZANNE DOWNEY

Skeeter

Business

Franee sits in deep contemplation over the Flamingos. She loves rhythm and blues and dancing. So what's so interesting at McGuire Air Force Base? Basketball is her favorite sport. Have you ever seen a movie star?? "I wish I were California bound." "My goodness, Jezie, you're speeding again!"

MICHAEL EFFINGER

Mike

College Prep

This senior lad told us he hates to write. He enjoys various sports. He says "Why make money, you can't take it with you," but he is fond of T-birds, and they don't come for nothing! Mike's plans for next year include going to college.

SUSAN FREEMAN

Sue

College Prep

Oh, how she hates the name Susan! She loves to roam the halls of Levittown! Sue just won't stay off those water skies. She rides with the girl in the '59 Ford. Her ambition is college. Sue wants to know what happened to the "three musketeers." How often does she say, "LOOK, Steve"?

GEORGE J. GAUDIOSO

Darby

College Prep

Darby believes in joining ALL the teams! He's a busy senior, and can really do a job right. He tries to "keep the senior class going"—but going where, George?! He enjoys reading, especially about historical events, and dislikes foreign languages. George's ambition is to become a history teacher. Who's your ideal, George?!?

ELEANOR HOPE GILBERT

Hope

College Prep

Where there's Hope, there's life! She's also known as "Hopeless." Her heart's in Upper Darby. Hope likes music and dramatics. Ask her why she's called "the girl with the green hair"! She's the type who uses her study hall to sit in on a physics class and bone up for college boards! Hope's ambition is to become a math and science teacher.

THOMAS GIBBONS

Tom

College Prep

Is this boy Irish or is he Irish!?! Tom is interested in photography and loves those wild Irish dances. He also enjoys reading and music. Are all the Irish as friendly as he? We'll always remember Tom as the redhead with the marvelous sense of humor. Tom says he hates crabs. Don't we all! He would love to wipe out England. Careful there, Tom! That might lead to an international crisis!

ELIZABETH ANNE GREINER

Betty

General

She is also known as "Casper." Betty likes dancing, music, and cars. She has worked hard on many school activities, including the yearbook. She goes for pizza pies and continental suits on guys. Betty cannot stand people who, while driving, pull out in front of her and go ver-ry slowly! "Oh Beans!" Her ambition is to be a grade school teacher. "I passed my driving test, watch out!!"

ANTHONY GUINTO

Tony

Business

Tony's a real life-of-the-party type—the original “personality kid.” Some refer to him as “Goomba.” His interests are hunting, fishing, drag racing, and girls—not necessarily in that order! Tony hates work, but still manages to be a good varsity footballer. Once he won a bookkeeping award (honest!). His ambition is to be an accountant. With that award, you've got a good start, Tony.

PEGGY HAMMEL

Peg

College Prep

Peg, an attractive dark-haired gal, is interested in art, dancing, and swimming. She has a nice voice and likes to sing. Peg goes for mature males, teacher's conventions, money, and clothes. She dislikes being stood up, waiting on late people, and unnecessary talk. Her ambition is to marry a millionaire. Good luck, Peg!!

WILLIAM HARTLEY

Doc

College Prep

Bill likes chess, fencing, chemistry, and biological sciences. He's interested in science and math, and wants to be a medical missionary. He's easy to listen to—who else has such a Southern accent? Bill says he has no particular dislikes—that's noble, Bill, but we don't believe you! He worked hard on the senior play in which he was (could you guess it?) a country doctor!

KLAUS HERRLE

Dutchman

College Prep

He's quiet, but!! Klaus tells us all about Germany. Is there anything this boy doesn't know? What happened in the girls' health class, Klaus? Why does he always say, "That's good"? He's cheerful and pleasant, nice to have around. Klaus's ambition is to become a chemical engineer. He loves that third period chemistry class.

RITA HENDRY

Rita

Business

Rita likes dancing and meeting new people. She hopes to do office work after graduation. Is she quiet, or is she quiet?! She likes George and food, especially Italian food, and enjoys being with people who can have a good time. Her pet peeve is people who won't relax and have fun. Rita helped on several senior activities, including the senior play.

PATRICIA ANN JOHANSON

Patty

College Prep

Patty spends her summer vacations in New Hampshire, where she loves to water ski, swim, and socialize. She also loves the winter months, and wishes she lived in New England so she could ice skate more often. Patty is a soprano in our school chorus and enjoys music—both singing and listening. Being the female lead in the Senior Play is high on her list of "moments to remember." Patty thinks she might become a child psychologist. (Ask her why she *really* wants to study psychology!)

ROBERT B. JOHNSTON

Bob

College Prep

Bob says he wants to live fast, die young, and make a good-looking corpse. We don't believe it, though! He is one of our school's outstanding basketball players. If Bob appears to be lazy and lack ambition, it's because he is a thinker, not a doer, most likely. But then it could be because he *is* lazy and *does* lack ambition! His favorite saying is "You tell me." Bob's ambition is to live off the fat of the land. He is most proud of having attended Gloversville High in New York State (Why, Bob?), but he has had fun at Levittown, also.

ROBERT WILLIAM JORDAN

Bob

College Prep

Bob likes music and dancing. He also likes to act as M.C. at dances. His hobbies include roller skating, ice skating, horseback riding and swimming. Bob hopes to become a Lutheran missionary or principal of a Lutheran school. He thinks Levittown High is one of the best organized schools he has ever been in.

JOEL DAVID KAGAN

Joel

College Prep

Joel enjoys doing scientific experiments, especially in physics and mathematics. He's particularly interested in theories about color. We look for Joel to make his mark someday! Probably the school's most enthusiastic basketball player, Joel may often be found in the nearest school court, shooting baskets. He strongly feels that the true intellectuals, those who contribute to society only through their minds, hold an important place in society and should command respect and support from that society. He plans to be a mathematician.

JANICE ELLEN KIRKPATRICK

Jan

Business

Jan has a friendly smile for everyone. Is she really quiet? Of course not. She loves parties and music. Her hobby is watching TV. Cold pizza is first on her list of disgusting things. Jan firmly believes that actions speak louder than words, and lives up to this slogan. Her ambition is to be educated. We think you'll make it, Jan!

JEAN KASTEL

Jean

College Prep

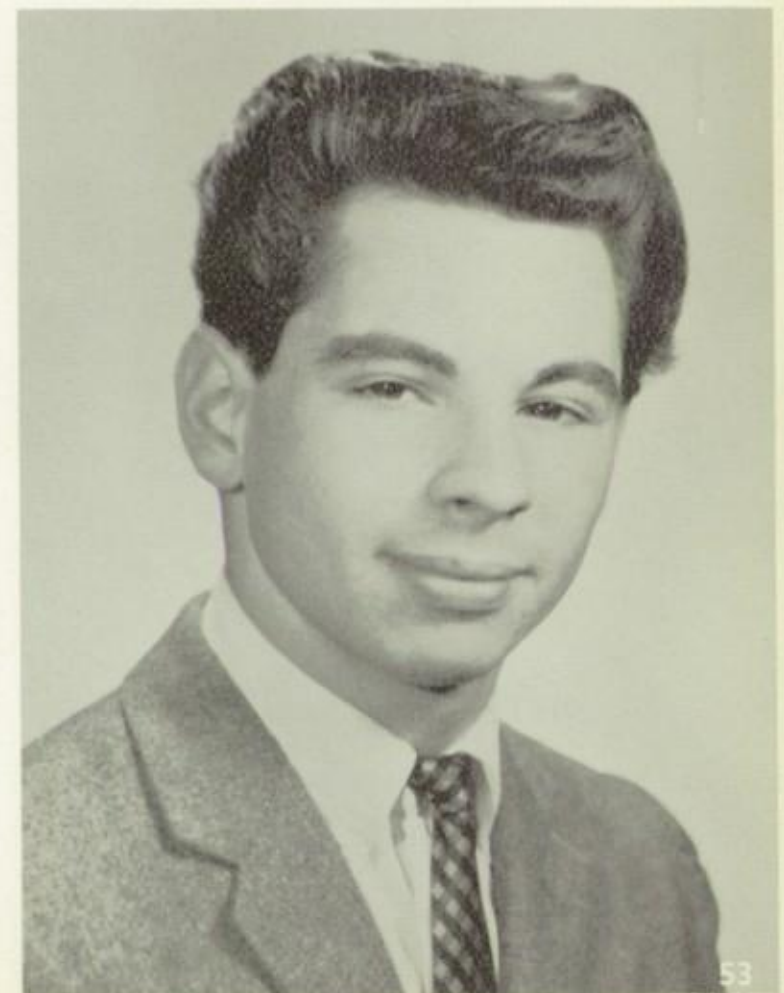

Jean likes to sew and has won several prizes for costumes she has designed. She also enjoys reading, dancing, and swimming. Her ambition is to be a home economics teacher. She especially dislikes gossips and people who say that all teenagers are bad. Jean's favorite saying is, "Opportunity only knocks; temptation breaks the door down!"

JAN STEPHEN KOEN

Steve

General

Steve used to drive the famed "Green Dragon." Now he drives a silver Mercury. His pet peeve is noisy girls. Steve has the look of an intellectual. Who knows?!? He especially likes long drive-in movies on cold nights (this is intellectual?). His ambition is to be ambitious. We're just wondering at what! He is interested in cars and, of course, girls. Do these have anything to do with your ambition, Steve?

KATHLEEN FRANCES LEIGHTON

Kathy

College Prep

Kathy enjoys swimming and watching basketball games. She has been a big help at the senior class dances and also worked on the senior play. Kathy loves to hit the bottle (the one with the red hair coloring in it, of course!). Music is her special interest, and "What a blast!" is her favorite saying. Her ambition is to become an elementary school teacher.

PAMELA MICHELE LEWISTON

Pam

General

Pam gets satisfaction from helping others. She is quite irritated when people won't let others help them. She's a California gal, has probably attended more high schools than any other senior. Pam loves bowling and pizza. (*Hot* pizza, that is!) If you want to buy a ticket—any ticket—ask Pam. Chances are she's selling them. Her favorite saying is "Remember, today was tomorrow yesterday!" Pam's ambition is to do mission work overseas.

PATRICIA ANNE LYONS

Patti

Business

Patti likes sports, dancing and parties, and working for school functions. Does she ever stop talking? She doesn't *really* dislike history. Has anyone ever heard her say, "Get all that goodness!" She loves driving—sure beats walking, doesn't it, Patti? Her ambition is to become a stenographer and we think she'll really succeed at that.

HARRY EDWARD MANSER

Harry

College Prep

Harry, our class president, is a hard worker and a good sport. We think he made a good one-time cheerleader! He likes playing the piano, tennis, and swimming. Everyone knows that Harry is a woman hater! He loves food—any kind, any time. His future plans are in the field of medicine. He might even become a psychiatrist! Or then maybe he'll be a lawyer . . . oh, well, Harry, there's plenty of time to make up your mind! Whatever he does, he'll have fun doing it!

BEVERLY ANN MANGLES

Bangles

Business

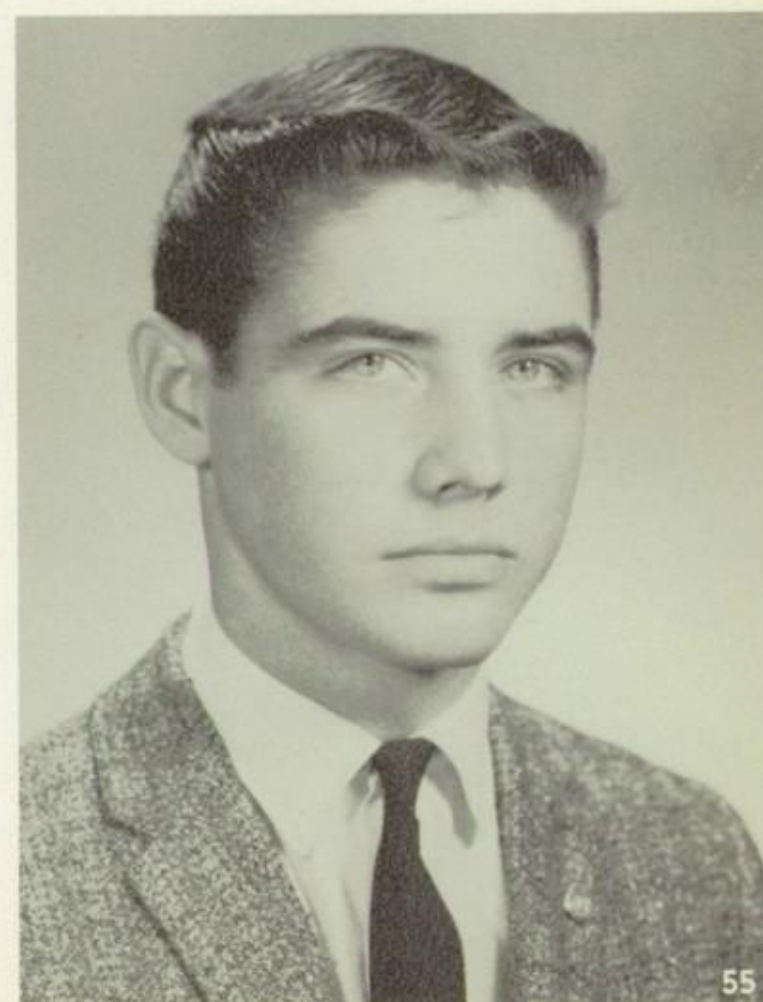

Bev likes ice skating and swimming—in their respective seasons, of course. Does she really dislike school? Hold that car back, Bev! "I'll never tell," is her favorite saying. Marriage to Bob figures in her future plans.

GILBERT DREW MARTIN

Drew

College Prep

Drew is a capable violinist, and has been a member of the South Jersey Orchestra. Born in Virginia, he is a loyal Confederate who loves Southern fried chicken and says, "Save your Dixie Cups—the South shall rise again!" Drew plans to be a pharmacist. His most frequently repeated phrase is "Oh, for crying out loud!"

ARTHUR PAUL MUNDAY

Art

College Prep

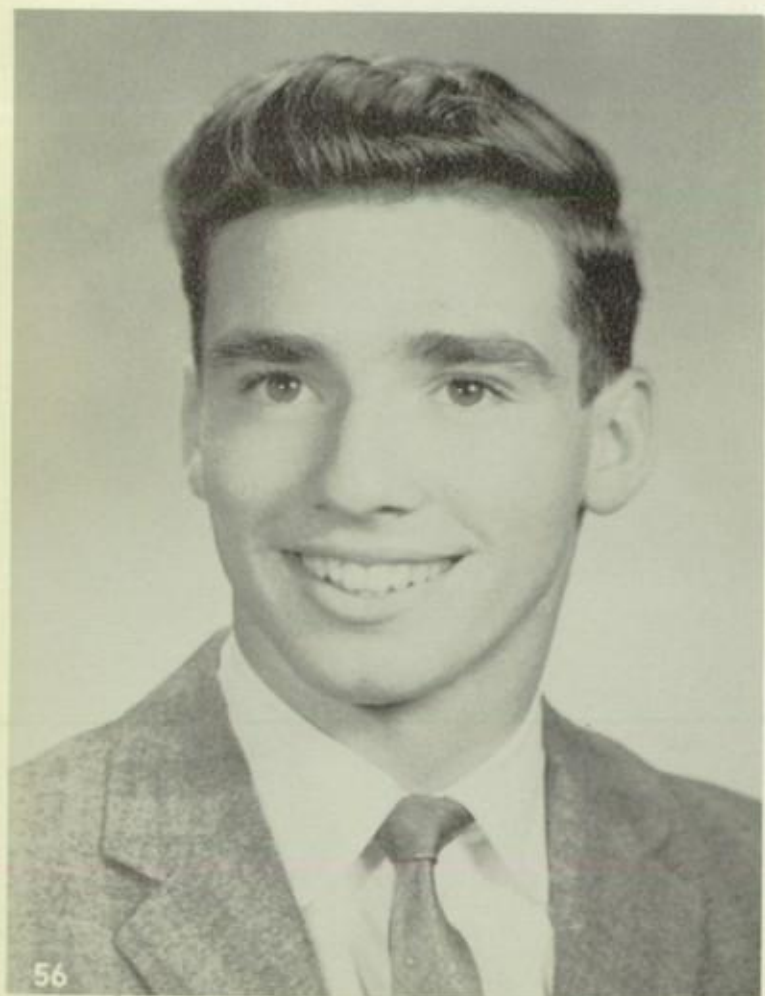

Art is one of the "big eleven." He likes sports (natch!) and hunting. Who's Ellen? Art's ambition is to have a successful life. What's he so happy about? He never stops smiling! Art is a friendly, nice guy who enjoys having a good time and always does his best to make an activity fun.

ELLEN NICHOLSON

Ellen

College Prep

Ellen loves to play tennis, but she'd rather watch boys' sports (why, Ellen?). She loathes lima beans and the way Art sneezes, but otherwise she's a cheerful gal. Her standard response to everything is "Yuk, Yuk, Yuk." Ellen's ambition is to have a successful life. Does that sound familiar? Ask her why she dropped the bowling ball on Art's head!!

VINCENT G. O'BRIEN

O'Bie

College Prep

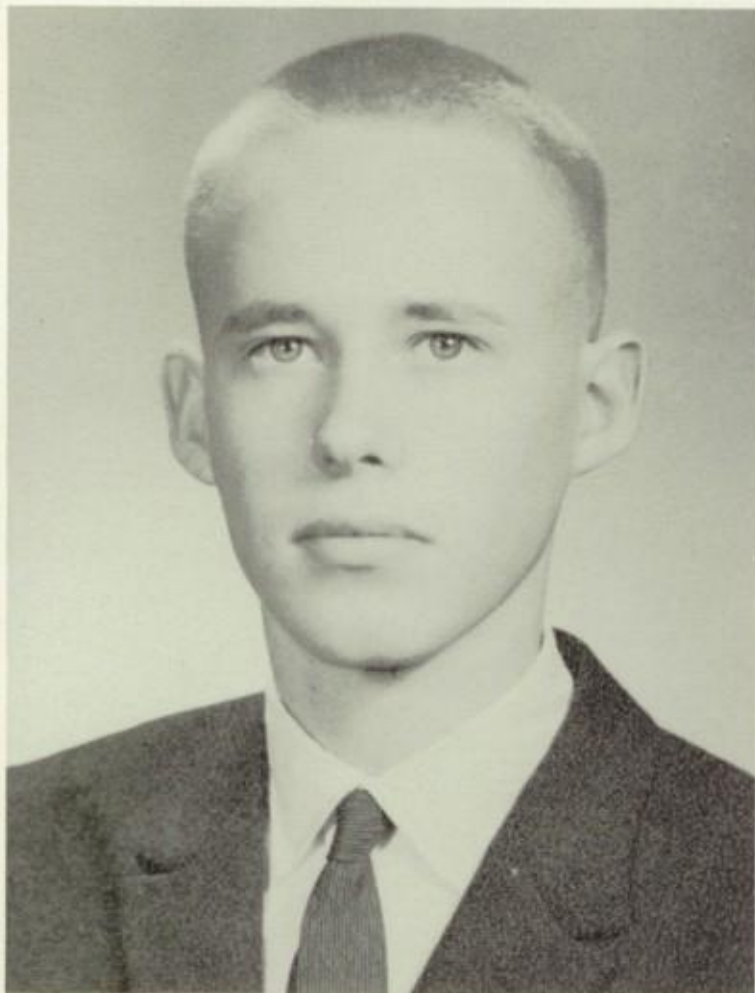

He's got the nicest smile in school. Vince is the President of the Student Council and a star basketball player. He says he likes to clown around, but he must be kidding! "The meeting will now come to order!" Vince really likes that Italian food! His ambition is the navy. Can't you just see him in a "sailor suit"!

MERVIN E. PFAU

Merv

College Prep

Merv is fortunate to have had the opportunity to live in a number of foreign countries, including Beirut, Lebanon and Frankfurt, Germany. If you listen closely, you will hear him say "Cads!" or, "That's life!" Merv is interested in electronics and would like to become an electronics technician.

THOMAS A. PATTERSON III

Tom

College Prep

Tom's interests include the radio, boats, model railroading, and some sports. He has participated in the airplane and stamp clubs. Tom says he would like to drop English and history, but he loves math. "I don't know," is his pet saying. Tom says that the senior year has been his best year in high school.

WILLIAM GEORGE PIDCOCK

George

College Prep

The typical handsome gentleman, George is our able vice president. One of the "Big eleven," he is interested in track and playing football. He is friendly toward everyone and his hobby is water skiing. George enjoys having a good time with the boys and his ambition is to become a salesman.

VIRGINIA ANN POLCINO

Ginny

Business

Ginny just loves parties. She likes boys; and boy, can she dance—any style. She says she can't stand bobby socks. She's often been quoted as saying "Certainly is saying something." This short gal's ambition is to grow tall.

GILBERT PUGH

Gil

College Prep

He's quiet in school, but don't let that fool you! Gil is one of the funniest people around. His specialty is "the perfect squelch." Though he's fond of cars, Gil's pet peeve is a certain '54 Nash. He just hates getting up early. One of his favorite philosophies is "Early to bed, early to rise—till you make enough money to do otherwise." His ambition is to be a college man. Gil is a firm believer in "taking it easy." His special interests are ice skating, baseball, and, last but not least, Marilyn.

RONALD SERVISS

Ronnie

Ronnie is usually happy and cheerful. He's full of jokes and clever expressions. He is active on every possible senior committee besides being on the varsity football team. Ronnie especially likes Johnny Mathis, bongoes, and the "1812 Overture." He admits being partial to blondes, but isn't really particular. His pet peeve is girls who won't kiss goodnight! Ronnie hasn't decided whether he wants to be an architect or a lawyer, but he'll be good at either occupation.

LYNNE E. SHOEMAKER

Princess

Business

Lynne is the kind of girl who thinks there should be thirty hours in a day. This dark-haired princess has a hobby of joining committees. A nice hobby, Lynne, but where do you find the time to go to all the meetings? She's a familiar sight around campus and often can be heard mumbling "Nothing, nothing at all." She says, "There's open house at my place after graduation!" You're awfully brave, Princess! We'll all be there.

JOHN D. SIMPKINS, JR.

Bud

Business

John likes sports, being in the band, and dating. (Not in that order, we hope!) He also appreciates hamburgers, sleep, good marks (don't we all?) and pizza. John hopes to join the Navy after he graduates. Remember, John, starboard is to the right and port to the left!

JUDITH ANN SMITH

Judi

Business

Judi is one of our newer Seniors—she hails from Massachusetts. Judi's main gripe is "people who try to teach me the correct way to speak the English language. I like my Boston accent!" She can hardly wait to move back to her home town, because then she will "stop getting teased from members of the peanut gallery." It seems that every other sentence is "Cut the beans" or "Oh, bananas!" Judi was a soprano in our school choir and worked on many other senior activities.

JOAN ELLEN STERLING

BARBARA JEAN SULLIVAN

Barb

College Prep

So what's so interesting at Villanova, Barb?? Love that "West New York" accent! Barb's ambition is "to live on a mountain in a house of glass." Very poetic—and speaking of poetry, Barbara writes it when she's in the mood. A "people-lover," Barb is naturally sympathetic and understanding. "Guess what—I'm losing weight!" If she really *did* lose weight as often as she *says* she does, she'd be nothing at all! Her interests are Bob, cheerleading, skating, and Bob, with emphasis on the first and last.

STEPHEN E. TAPPER

Steve

How does he carry all those books? Steve is a great kidder and lots of fun to be around. There goes the Red Streak!!! Steve's ambition is to be a lighting designer. He likes to delve into the pages of history and is an amateur philatelist. The girls know him as an outstanding gentleman. We appreciate that, Mike! He likes American foods and girls with shoulder-length hair. He wants to say that security and conformed thought make one the subject of those who are willing to try less certain paths. Well said, Mike.

RAYMOND TERRY

Ray

Business

Ray has great times—out of school, natch. He likes to talk (to whom, Ray?). Does he really collect girls? Nice hobby there, Ray. To annoying questions his answer is likely to be, "Don't bug me!" He plans to attend business school and become a successful business man.

ALBERT G. WAECKER

Al

If you want to know something—anything—about military strategy, ask Al. He’s an authority. Al’s a very friendly guy, always laughing. He knows everybody, including the pizza man. Always ready to debate, Al has an opinion about almost everything. His ambition is to be a floriculturist. Sounds interesting, Al!

DOROTHY WAECKER

Dotti

Business

Wonderful at basketball foul shots, Dotti likes sports. She also enjoys sewing, and designs some of the clothes she makes. We all wish we could sew as well as Dotti. She has one of the prettiest smiles on campus. Don rates high with her. Her ambition is to be a medical secretary.

BARBARA JEAN WATSON

JESSIE ANN WATERHALTER

She has plans to become a nurse, and wants to say, "Best wishes to the classes that will follow us in the coming years."

RICHARD WERRE

Dick

GEORGE W. WOODWARD

Woody

College Prep

He misses those college gals. Which ones, George? He is not really quiet—just does not have much to say. We'd hate to cross him. George is interested in judo and Karate. We just love his accent. George often says, "I hope so." He's either an optimist or a cynic! His ambition is to become "Dr. Woodward."

SHARON ZAK

Sheri

Business

Sheri wants to know why she can't go to Drexel. She is the owner of a hot Ford. Sheri is wild about Dave Brubeck and yearns to go home to Chicago. "Come on, you guys!" Levittown Edges Pennsauken

Gryphons Grab 4th Straight, 37-35, As Collier Registers 13

By SAM COYLE
Times Sports Writer

Hustling all over the court to make up for the absence of two of their first five because of illness, Levittown High upset Pennsauken High in a low scoring thriller on the winner's court last night, 37-35.

It was the fourth straight victory for the charges of Coach Joe Diminick as they swelled their seasonal record to a highly respectable six wins as against only two losses.

Lead Shaved

But Pennsauken didn't give up and kept hacking away at Levittown's lead and with a little better than two minutes to play and Levittown minus the services of Kagan and Al Meindersma, both of whom fouled out, the Indians cut the deficit to 31-33.

The scoring pace was slow, but the action was deliberate as the Gryphons got a peak performance from 6'3" reserve Joel Kagan, who, besides grabbing off numerous rebounds, contributed nine points to the winning cause.

At this point, John Collier, who is rapidly becoming the most dependable scorer for the Gryphons, stepped to the foul line and converted four foul shots, sandwiched around two free throws by Dewey of Pennsauken, to clinch the verdict for Levittown.

As mentioned, two Gryphon stars, Art Munday and Vince Obrien, were out due to illness, but Kagan turned in a great effort and Fred James filled in nicely when needed.

Collier Brilliant

Collier was again brilliant offensively for Levittown as he was the high scorer of the contest with 13 points, hitting on a variety of jump shots and drives and was cool on the foul line.

Defensively, Bob Johnston was all over the court for the Gryphons, making numerous steals and grabbing off important rebounds

as well as teaming with Lokan to do most of the crucial ball-handling. Johnston, Collier, and Lokan played the entire game for Coach Diminick.

Gryphons Trail

John Collier started off the night's scoring by hitting on a jump shot for Levittown, and as the score see-sawed back and forth, the Gryphons came out of the first quarter on the short end of a 9-7 score.

The pattern for the second quarter was much the same as both teams traded goals until Collier hit for two driving lay-ups to put the locals into a 16-11 lead, but Tony Irion reeled off five straight points and Jay Thomas hit with a one-hander just before the buzzer to give the Indians a 18-16 lead at the intermission.

Diminick's lads were fired up for the beginning of the second half and, with Dick Lokan and Joel Kagan leading the way, the Gryphons actually salted away the victory by outscoring the Indians 13-6, giving them a 29-24 cushion at the end of the third quarter.

Hustle and determination gave the Gryphons their fourth straight win of the campaign.

OUR PROGRESS CONTINUES . . .

in our community's drive towards maturity. With the continuing growth of the community of Levittown in mind, our school officials planned for the addition of a new wing to accommodate the expected increase in school population. The foresight of these officials will enable the incoming pupils to continue their education toward excellence. Throughout America, communities will continue to spring up, and Levittown will serve as a guiding star for the growth of these communities.
